SQ1 oval bathtub details:

SQ1 oval is the latest addition in our SQ-series by Danish designer Mikal Harrsen. Continuing his classic Scandinavian simplicity on the outside and the organic soft shapes on the inside, makes it not only a pleasure to look at but also comfortable to use. This bathtub is also available as rectangular. The tub is made of solid matte white Acovi® composite which is extremely easy to clean and maintain since it is completely pore free.

Please note that there may be a tolerance of ± 5 mm as all products are hand sanded.
