Yuno EG 80 details:

A statement of natural beauty and craftsmanship, the Yuno EG 80 cabinet brings refined elegance to larger bathrooms. At 80cm wide, this cabinet offers spacious storage within a soft-close drawer, equipped with advanced Blue Motion technology for a seamless experience. Constructed from solid European oak, it captures a warm, organic aesthetic inspired by Copenhagen's natural surroundings. Paired with an Acovi® Solid Surface basin for a smooth, durable finish, the Yuno EG 80 balances functionality with timeless Danish design, perfect for those seeking a touch of nature in their bathroom space.
